

Massie said midshipmen were sometimes baffled by his unorthodox way of scoring exams—two points for each question they got right, but 50 points subtracted for each one they got wrong. He was trying to prove a point to them:

"Everything in life doesn't have the same value," he said. "It depends on the circumstances."

#### TRIBUTE TO LESLEY DEVINE

##### HON. BRAD SHERMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 18, 1998*

Mr. SHERMAN. Mr. Speaker, I rise today to pay tribute to Lesley Devine, the outgoing Mayor of Calabasas.

President Kennedy said, "Change is the law of life. And those who look only to the past or present are certain to miss the future." Throughout her term as Mayor, Lesley has inspired change throughout Calabasas, while ensuring that the community work with the Council in developing a long range vision for the City. As a result, many positive developments have come about under her leadership.

Working together with a leading Urban Planning firm, Lesley was able to motivate the community to rally support behind a major retail project and hotel, that had been the source of years of conflict. In fact, support of these projects set in motion plans for a Civic Center, which would include a permanent City Hall and Library at the Park Center site. These are just a few of the many projects initiated by Lesley during her term as Mayor.

The new Community Center on Lost Hills has broken ground and the long range operating body, a Joint Powers Board with the City of Agoura Hills, has been set in place. In addition, the old Town improvements have been completed and will be enjoyed for years to come.

No one can question Lesley's dedication to our community. Lesley was a Founder of the City in 1991 and has served as a member of the Council since its creation. Prior to her role on the City Council, Lesley led several community programs to improve the environment, including recycling, water conservation, water quality, urban forestry, and oak tree protection programs.

Mr. Speaker, distinguished colleagues, please join me in honoring Lesley Devine for her leadership within our community. Many future generations will enjoy the benefits of her hard work and dedication to improving the town of Calabasas.

#### ESTABLISHING A MEMORIAL HONORING BENJAMIN BANNEKER

##### HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 18, 1998*

Ms. NORTON. Mr. Speaker, in commemoration of the life of Benjamin Banneker and of Black History Month, I am introducing the Benjamin Banneker Memorial Act of 1998. The residents of the District of Columbia are direct beneficiaries of Benjamin Banneker's extraordinary work in helping to design the nation's

capital. I am proud to sponsor a bill to authorize construction of a memorial here in the District to honor and commemorate Banneker's numerous achievements.

The proposed memorial is a particularly appropriate way to commemorate Banneker, America's first black man of science. Banneker was noted for his mathematical and mechanical genius. He was self-taught, learning astronomy by studying the stars and mathematics by reading books.

Under the legislation, the Washington Interdependence Council (WIC), a non-profit organization headed by Peggy Seats, will be authorized to raise funds for the memorial. Through the determined efforts of Ms. Seats, WIC has already obtained passage of a resolution by the D.C. City Council sponsored by Councilmember Jack Evans endorsing its campaign to establish a Benjamin Banneker memorial. WIC also has entered into preliminary discussions with the National Parks Service regarding the possibility of constructing the memorial at Benjamin Banneker Overlook Park, located near L'Enfant Plaza in southwest, D.C. WIC intends to conduct a design competition for the memorial.

Banneker's work deserves recognition in a central location of the nation's capital because of his contribution to all of the citizens of this country. His life has special meaning for African Americans in general and for black Americans in the District in particular. In 1791, Banneker was appointed by Andrew Ellicot to survey and plan the design, layout, and blueprint the nation's capital. Working from early February through April, Banneker painstakingly developed calculations for the survey, using an astronomical clock in an observatory tent.

WIC, and especially Peggy Seats, its energetic leader, deserve the praise of this body for initiating this ambitious and meritorious project. Because of the determination Ms. Seats has already demonstrated, I believe that the Benjamin Banneker Memorial project will be as successful as the African-American Civil War Memorial I sponsored here seven years ago, soon to be constructed at 10th and U Streets, N.W.

I graduated from Banneker, now a high school for gifted and accelerated students here in the District, when it was a segregated junior high school. Benjamin Banneker deserves greater recognition here and across America. I am delighted that Washingtonians led by Ms. Seats are establishing a memorial to this scientific genius and inventor so that tourists will have another important and historic sight to learn from as they visit the nation's capital.

#### GOLF TOURNEY MARKS THE END OF WINTER

##### HON. JAMES T. WALSH

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 18, 1998*

Mr. WALSH. Mr. Speaker: As will many Americans, Central New York families with school children will soon begin the week-long spring vacation to milder climes, marking the change of seasons from cold to warm.

My family will join many of our Syracuse area neighbors this year in a visit to Myrtle

Beach, South Carolina. While there, I will have the privilege once again to participate in a venerable tradition, the 16-player Bill Jackson and Bob Lewis Golf Tournament. It will be just one of many such tournaments open to those of our neighbors who have respect for the game without taking things too seriously.

Past participants in this particular tournament have included federal judges, mayors, congressmen, newspaper editors and business people from our region—good people with whom I am proud to associate under any circumstances, but especially during vacation.

This bi-partisan representation of our hometown does not always guarantee good golf, but it does serve a higher purpose: good company during an important break in the yearly cycle of things.

For the third year in a row, the Tournament will be held at the Pine Lakes Country Club, "the granddaddy of the strand," owned by pro Scott Miles.

I want to personally salute the therapeutic perspective of organizer Bill Jackson from Syracuse who has said often of one tournament participant, Judge Neil McCurn: "He is a successful golfer. The first year he lost 20 balls, and the next year he only lost 10."

I would ask my colleagues to join me in wishing all these friends a good round of golf, and indeed in wishing all of those vacationing Americans a safe and renewing visit to their favorite vacation haunts.

#### TRIBUTE TO THE MIAMI CAROL CITY CHIEFS—FLORIDA'S CLASS 6-A FOOTBALL CHAMPIONS FOR 1996 AND 1997

##### HON. CARRIE P. MEEK

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 18, 1998*

Mrs. MEEK of Florida. Mr. Speaker, I rise to pay tribute to the Miami Carol City Chiefs, the state of Florida High School Class 6-A Football Champions for 1996 and 1997. On Wednesday, March 25, 1998 the Miami Dolphins will honor the members of these championship teams at a luncheon banquet in Pro Player Stadium's Hall of Champions.

This is indeed a milestone in the history of Miami Carol City High School, which is proudly located in Florida's 17th Congressional district. As I join my community in extolling the hard work and sacrifices of the parents, teachers and administrators that form the soul and spirit of this school family, I want to commend the exemplary role of our principal, Ms. Mary Henry. Her commitment to her students has become the cornerstone of an excellent program that buttresses academic scholarship on one hand and athletic achievement on the other.

I also would like to congratulate the school's legendary football coach, Mr. Walt Frazier, whose work ethic and discipline throughout all his years at Miami Carol City Senior High School have always paved the way for excellence both in the classroom and on the gridiron. Known for his no-nonsense approach to forthright guidance and counseling, Coach Frazier has certainly surrounded himself with an excellent coaching staff whose knowledge and sensitivity to sporting activities befitting
